

Cycling holidays, walking holidays and cottage breaks

Byways Breaks have been arranging cycling holidays and walking breaks for 12 years. We know the best places to stay, and our cycling and walking routes are carefully planned to explore the most beautiful countryside, visit places of interest, and stop at the best pubs and tea shops.

All cycling holidays and walking breaks are self led, so you have the freedom to explore at your own pace. The gentle, unspoilt, countryside of Shropshire, Cheshire and Welsh borders is a lovely area of the UK for cycling and walking: not too flat to be boring, with the occasional hill and slope to give variety and views.

Choose from a range of holidays including touring holidays, where you stay somewhere different each night (while we move your luggage) or one centre based breaks. Cycling and walking distances are flexible and there are routes suitable for all abilities. Holidays can start on any day, and you choose from a range of accommodation from comfortable farms, to country house hotels.
